

Better. Healthier Women

are known to exist in this country by thousands because freed from pain and suffering by Lydia E. Pinkham's Vegetable Compound.

Could such a record be made without actual and superior merit? Read what this woman says, and realize that the results secured in her case could not have been made except by a very good medicine.

Lawrence, Kans. — "I was a great sufferer from a weakness, irregular periods, headaches, backaches and other female troubles, which caused a weak and broken-down condition of the system. My side was so sore I could not lie on it. I saw in my daily paper that Lydia E. Pinkham's Vegetable Compound was good for all female troubles and had done so much for other suffering women, so I felt sure it would help me, and it has helped me wonderfully. I got relief from the first bottle. My aches and pains all left me and as I continued taking the Compound I grew stronger. Within three months I was a perfectly well woman, and I want this letter made public to show what benefits women may derive from Lydia E. Pinkham's Vegetable Compound." — Mrs. Julia A. Snow, Route No. 8, Lawrence, Kans.

Science in surgery and electricity has advanced much in the past 30 years, but the treatment of disease by the old fashioned roots and herbs method has never been improved upon. The fact that this leader of them all—Lydia E. Pinkham's Vegetable Compound—is to-day the largest seller of any similar medicine in the world, is proof positive of its value and superiority, for with all our enterprise and advertising we could not keep fooling the people for 30 years. Merit and merit alone is what has made Lydia E. Pinkham's Vegetable Compound the standard medicine for treating diseases peculiar to women.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

If the slightest trouble appears which you do not understand, write to Mrs. Pinkham at Lynn, Mass., for her advice—it is free and always helpful.

UNCLE SAM AFTER RAILROADS AGAIN

Harriman and Gould Systems Accused of Neglecting Safety Appliance Rule.

ON FIVE SEPARATE COUNTS

PROSECUTIONS WILL BE CONDUCTED IN FEDERAL COURT.

The prosecution of the Denver & Rio Grande, Oregon Short Line and Southern Pacific railroads by the United States for alleged violation of the interstate commerce laws, governing safety appliances on railroad trains, will be begun in the federal court Friday, H. E. Booth, United States attorney, will conduct the prosecution, assisted by M. J. List, of Washington, special agent. W. R. Wright, government inspector of railroad safety appliances, will be the principal witness for the government.

There are five separate counts against the railroads. The Denver & Rio Grande is named in three, while the Southern Pacific and the Oregon Short Line are each named in one count.

The Denver & Rio Grande is cited to appear on April 13 and 15. The hearings in the cases of the Southern Pacific and Oregon Short Line will be held respectively on April 13 and 15. The cases have been in the courts for a long time, and have been stubbornly contested by the railroads. The litigation arises over the failure of the companies named to properly equip their cars with air brakes, hand holds and automatic couplers as provided by the interstate commerce laws.

The railroad companies have contended that they have complied with the law in every respect and fought the case through the lower courts, where they got the decision, which was afterwards overruled by the circuit court of appeals.

RIGHT OF WAY OF SALT LAKE ROUTE

Attorneys for J. Ross Clark

File Plats in the Local Land Office.

In the local land office yesterday attorneys for J. Ross Clark, second vice president of the Salt Lake route, filed two applications on behalf of his road, one for a right of way, and the other for station grounds at Modena.

The right of way asked for consists of a total of seventeen miles, of which only two miles have been surveyed. The unsurveyed portion comprises sections 34 S., 17 and 18 W., and 35 S., 19 and 20 W. That portion already surveyed embraces N. 2 S. E. 4, S. W. 4, S. E. 4, S. 2 and S. W. 4 in section 36 township 34 S., range 19 W. The route specified takes in the towns of Escalante, Modena, Thomas and Uvada.

The applications have been filed and transmitted to the general land office. According to the construction of the federal laws, when a railroad is constructed through government land it carries with it the right of way on each side of the track by right of construction. Five years are given in which to comply with the law in regard to the completion of the line, and in unsurveyed property this tenure holds good against homestead entries. The proof has to be made within the specified time after the application is made.

Every lady given souvenir at the Moonlight Dance at Odeon hall tonight.

MARRIAGE LICENSES.

BEDRIDDEN WITH ECZEMA SIX WEEKS

Itching, Burning Eruption from Head to Foot—Doctor Gave Her Up Entirely—First Application of Cuticura Brought Relief and Sleep.

CUTICURA REMEDIES EFFECT PERFECT CURE

"Four years ago I suffered severely with a terrible eczema, being a mass of sores from head to foot and for six weeks confined to my bed. During that time I suffered continual torture from itching and burning. After being given up by my doctor I was advised to try the Cuticura Remedies. After the first bath with Cuticura Soap and application of Cuticura Ointment I enjoyed the first good sleep during my entire illness. I also used Cuticura Resolvent and the treatment was continued for about three weeks. At the end of that time I was able to be about the house entirely cured, and have felt no ill effects since. I would advise any person suffering from any form of skin trouble to try the Cuticura Remedies as I know what they did for me. Mrs. Edward Nanning, 1112 Salina St., Watertown, N. Y., April 11, 1909."

SELL LAND WORTH \$49,000

Two Deeds Aggregating That Sum Filed for Record.

Two warranty deeds, aggregating \$49,000, were filed in the county recorder's office yesterday, transferring rights to property in Salt Lake. In one Lucy A. and Joseph M. Jensen convey to Saddle R. Bulst and Lucy S. Mower, a part of lot 5, block 49, plat B, for \$21,000, subject to mortgage for \$10,000. The property is at the corner of Second South and Third East streets. In the other deed Ruth E. Kinsey, Emma D. Cowie, Charles H. Kinsey and Stephen C. Kinsey convey three pieces of land to Alexander H. Cowie, all in lots 5 and 6, block 16, plat A, which is at the corner of Seventh South and Main streets.

Cuticura Soap

Soothing, Cooling, Refreshing for Tender Skins.

Because of its delicate, emollient, sanative, antiseptic properties derived from Cuticura, united with the purest of saponaceous ingredients and most refreshing of flower odors, Cuticura Soap is unrivaled for cleansing, preserving and purifying the skin, scalp, hair and hands, for dispelling itching, irritation and inflammation and preventing clogging of the pores, the cause of many disgusting facial eruptions. All who delight in a clear skin, soft, white hands, a clear, wholesome scalp and live, glossy hair, will find that Cuticura Soap realizes every expectation.

Cuticura Soap (25c), Cuticura Ointment (50c), Cuticura Resolvent (50c), or in the form of Cuticura Coated Pills, 25c, per box of 60 are sold throughout the world. Foster Drug & Chem. Corp., Sole Prop., 135 Columbus Ave., Boston, Mass. 67-12-page Cuticura Book, mailed free giving description, treatment and cure of skin affections.

MOFFAT ROAD MAY BE BUILT

Cut-Off to Be Built With Money Furnished to Hawley by Rockefeller.

Denver continues to be alive with rumors that Edwin Hawley is to take over the Denver & Rio Grande railroad. The Denver Times credits David H. Moffat with saying that Rockefeller will put up the money necessary for Hawley to purchase the road and that a connection from the Moffat road will be built to the Rio Grande and that the James tunnel will be bored.

"The money will be forthcoming," said Mr. Moffat to the Denver reporter. "We will bore the tunnel and build the cut-off at the same time. It will not take over six months to complete the cut-off to the Rio Grande."

"Will work be commenced this summer?" he was asked. "It is one of those things which cannot be agitated until the plans are completed. It will first be necessary to complete arrangements for connecting with other roads. The Burlington and Denver & Rio Grande will save 170 miles through this cut-off."

The last statement is construed to mean that the company is paying off the mortgages on the equipment and clearing titles to the property. During the last few months the company has bought in all of the stock of the tunnel and cleared up its title to various kinds of property.

When asked about recent moves in the Rio Grande which indicated a change in control, Mr. Moffat said: "I don't understand them. I think old Rockefeller is in it in some way with Mr. Hawley, who is a very clever man. However, I really don't know what is taking place, as they keep their close to the door."

The activity in the Rio Grande and the Moffat road at the same time increases the belief recently expressed, that they are being brought together by interests who are after the control of both lines. The recent examination of the Moffat road was made by the chief engineer of the Rock Island system on orders of B. F. Yankum, who has since left the Rock Island to join the Hawley syndicate. Hawley is generally credited with being the most likely to become the controlling factor in the Rio Grande.

RAILROAD COMPANY WILL CONSTRUCT FLUME

As a result of the conference between J. G. Gwyn, chief engineer of the Denver & Rio Grande Railway company, City Engineer George F. McGonagle and Mayor John S. Bransford, the Rio Grande company will construct a 12-inch concrete flume from Third South street and Rio Grande avenue diagonally across the Rio Grande tracks to Fourth South street. The flume will be about 80 feet long and will clear the tracks of the street and will be for the purpose of handling the surface water on Third South street, which crosses the tracks between Third and Fourth streets and thence west to the river.

TEN ELECTRIC CARS FOR BAMBERGER LINE ARE DUE

Ten electric cars ordered last fall for the Bamberger line, are due to arrive in Salt Lake today. The cars are of the Pullman pattern and are of the best and latest design and construction. Each car is equipped with four motors of 100 horse-power each. The machinery of the cars is set for a speed of 55 miles an hour. The cars are 55 feet long and of 82-passenger seating capacity. They were built by the Jewett Manufacturing company of Ohio. According to Mr. Bamberger, the road will be in operation in 30 days.

RAILROAD NOTES.

E. C. Sisson, city passenger agent of the Salt Lake Route at San Bernardino, Cal., has co-operated with the Native Sons in regard to the speaking of San Bernardino as "Berdoon" and has written a personal letter to T. C. Peck in regard to the issuance of a bulletin to all railroaders asking them to write and speak of San Bernardino in full and not as "Berdoon."

Fred H. Worsley, general freight and passenger agent of the Salt Lake & Ogden Railway company, has resigned and G. H. Hitchcock, jr., has been appointed to fill the position. Mr. Hitchcock has been in the employ of the Salt Lake & Ogden company as a station agent in Salt Lake.

Work of repairing the Western Pacific along the shores of the lake, where it suffered from the recent washouts, is progressing rapidly. It is expected that the line will be opened by April 17.

The 250 freight cars which were congested in the Rio Grande yards in Salt Lake have been detained by the Southern Pacific to their destination. Cattle worth from \$60,000 to \$80,000 owned by M. K. Parsons, one of the largest cattle buyers in this section, were shipped from Pocatello several days ago and will be sent to the eastern markets.

BABCOCK WILL TESTIFY

Senator Smoot Invites Commercial Club's Expert to Washington.

Commissioner S. H. Babcock of the Commercial Club Traffic bureau, will leave today for Washington, D. C., in response to a telegram he received yesterday from Senator Reed Smoot, inviting him to testify before the Senate committee on interstate commerce, in connection with legislation affecting the railroads, now pending in congress. On receipt of the telegram Commissioner Babcock laid the matter before the executive committee of the Commercial club, and was instructed to accept the invitation.

DR. E. D. BALL PLEASED WITH EXPERIMENT FARM

Dr. E. D. Ball of the state experimental station at Logan has just returned from a trip of inspection that included the experimental station near St. George. He spoke most enthusiastically of the work that is being done at that place.

"There are about forty acres now under cultivation," he said, "and the

AN ODD MISTAKE THAT WOMEN MAKE

Women are inclined to fall into a mistaken idea that any pain about the hips or in the small of the back is "female weakness," and must be endured as a trouble peculiar to the sex.

Such patience is noble, but too often unnecessary and unwise.

Kidney weakness, in man or woman, will cause backache, sharp twinges when stooping or lifting, bearing-down pains, fits of "blues," nervousness, dizzy spells, headaches, urinary disorders and swelling of the ankles or limbs.

This is the point: Do not worry over supposed female weakness until you are very sure it is not kidney disease that is causing your troubles. The nature of a woman's life and work makes her fall an easy victim of kidney sickness. The bending and stooping of housework, the tight clothing worn, the strain of childbirth and worry of rearing children, the indoor life, colds, fevers and constipation, all wear and weaken the kidneys.

Backache, or any such irregularity as the too frequent desire to urinate, painful or scalding passages or sediment in the urine is good cause to judge that you have weak kidneys.

Then begin using Doan's Kidney Pills, which have brought new life and strength to thousands of women. It is your duty to self and family not to

Overlook the Real Cause of Common, but Mysterious Aches and Pains.

Every Picture Tells a Story.

neglect nor overlook the first symptom. Don't wait for a serious case of diabetes, dropsy, Bright's disease or gravel to develop.

Doan's Kidney Pills is a simple vegetable remedy, yet very quick in its healing and strengthening action on the kidneys. It contains nothing of a narcotic, poisonous nor habit-forming nature, and can be taken by any man, woman or child, of even the most delicate state of health.

SALT LAKE CITY PROOF.

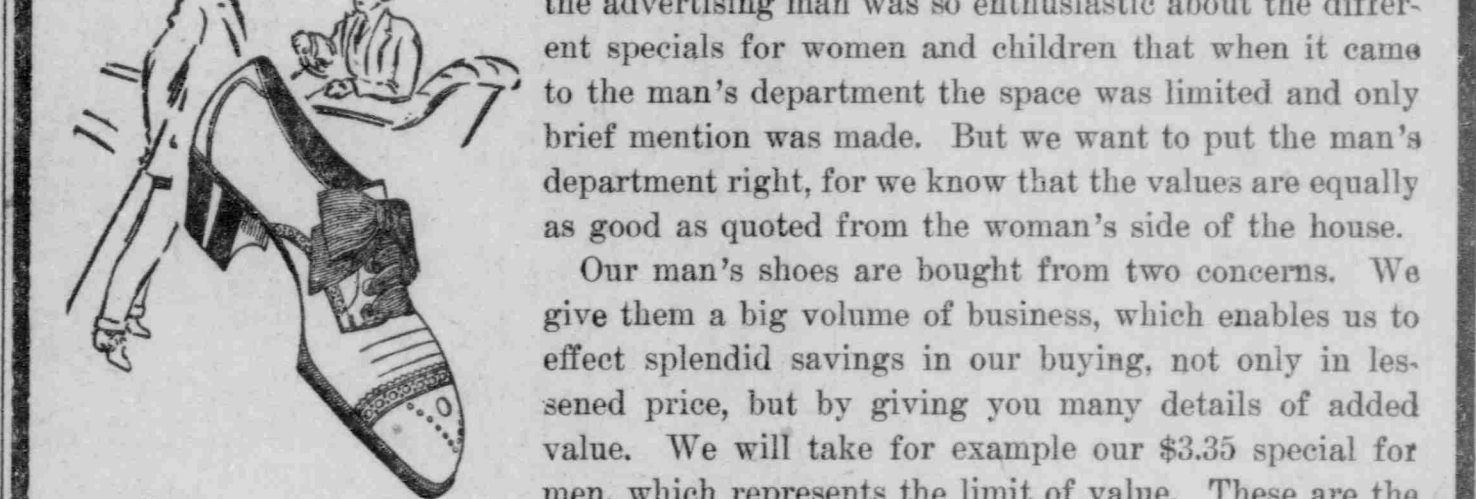

Mrs. Elizabeth Sellers, 230 Brown's court, Salt Lake City, Utah, says: "It was about two years ago that I first took Doan's Kidney Pills. I had suffered for quite a while from a weak back and pain across my shoulders and hips. I was finally told that I had lumbago and that Doan's Kidney Pills would cure me. I began taking them and was helped so greatly that I continued their use until I had finished the contents of four boxes. By that time every symptom of kidney complaint had left me. I still take Doan's Kidney Pills occasionally and I find that they keep my kidneys in good working order."

DOAN'S KIDNEY PILLS
Sold by all dealers. Price 50 cents. FOSTER-MILBURN CO., Buffalo, N. Y., Proprietors.

Demonstration Shoe Sale

The fellows in the man's department do not take very kindly to the fact that we gave the woman's department the big boost in our Sunday advertising. But the advertising man was so enthusiastic about the different specials for women and children that when it came to the man's department the space was limited and only brief mention was made. But we want to put the man's department right, for we know that the values are equally as good as quoted from the woman's side of the house.

Our man's shoes are bought from two concerns. We give them a big volume of business, which enables us to effect splendid savings in our buying, not only in lessened price, but by giving you many details of added value. We will take for example our \$3.35 special for men, which represents the limit of value. These are the best \$4.00 values made and many \$5.00 shoes purchased through the middlemen or jobbers represent no better values. They come in all the wanted leathers and toe shapes in a great variety of styles, including eight new lasts, among which the high toe nob last with 1 1/2-inch heels are the decided style hit for young men. Of course there is a splendid showing of the more conservative effects. They are made by the famous Goodyear welt hand-sewed process and represent the acme of shoe-making at a moderate price.

Other specials for men equally as good. See revolving window display.
